

Checklist No 2

For the evaluation of Research and Innovation Project (PIP) applications against the qualitative evaluation criteria

Round 1: Industry Expert

Applicant	(first name, last name)
Project application	(project identification number/title)

Indicate the scores according to Annex 3 "Methodology for the evaluation of Research and Innovation Project (PIP) applications Round 1: Industry Panel", Part B.

Eligibility criteria (assessed by the Industry Expert Panel, approved by the Platform Project Management Group)			
No.	Criterion	Score in points	Notes
1	A pressing problem has been identified that the potential technology/innovation could resolve		
2	The proposed solution/technology/idea has novelty and has advantages compared to existing solutions		
3	The market and/or application in which the technology/solution may be required has been identified		
4	The staff involved in the PIP are sufficiently qualified and competent to implement the project successfully. Necessary infrastructure is available		
5	Both tasks and proposed budget planned in the PIP are logical and reasonable and contribute to the success of the project		
6	A strategy for commercialisation is developed
